1. Undated issues will remain on this list or the " Issue Information Update" list, until such time as a date of issue is established.
2. Issues marked * have been corrected or have additional information, the additional or corrected information is underlined.
3. Issues marked  are deemed to be fake, ie not stamps only Cinderellas, therefore they will not have a date of issue.
4. Additions to the list are indicated by a heavy solid left-hand border to the country's name box.
5. Issues that appear on this list for over a year are moved to the "Issue Information Update" list.

6. The last column shows where the stamp is illustrated, with BS number, followed by page number.
7. **POSTAL CARDS** are those cards that include the stamp or prepaid indicia printed on it.
POST CARDS need the addition of a stamp for mailing.
 Only those Post Cards issued by a country's post office are included in this

Children's
Toys

- 55c.....Cyclops pedal car
- 55c.....Test Match board game
- 55c.....Barbie™
- 55c.....Malvern Star Dragstar
- 55c.....Cabbage Patch Kids®

1622002 First day cover (gummed)

The toys we played with as children spark memories of special times in our childhood. Five popular toys of the past decades that were familiar to Australian children from the 1950s to the 1980s have been chosen for the Classic Toys stamp issue. The five stamps have been designed by Jamie Tuffrey, whose stamp commissions include Down on the Farm (2006), Blast Off! 50 Years in Space (2007), Aviation (2008) and Heavy Haulers (2008).

Cyclops Pedal Car

The baby boom following World War II significantly increased the demand for toys. Among those who responded to this increasing market was Cyclopps, which in 1953 introduced the famous "Comet" pedal car. It cost about £8 (\$16.50) to buy. By 1956 the Cyclopps catalogue featured a total of 10 pedal cars.

Test Match Board Game

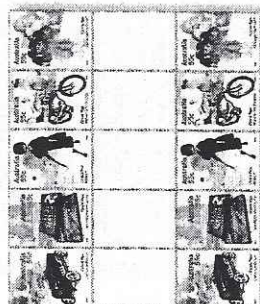

While new models of the "Comet" were rolling off the assembly line, children were also playing cricket. To satisfy every Australian's dream of playing test cricket, John Sands, one of the oldest companies in Australia, produced the game "Test Match".

Barbie™

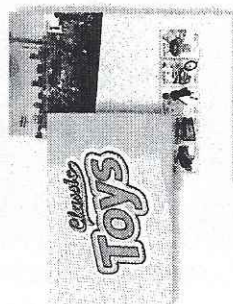

1959 saw the launch of Barbie™. Wearing her trademark black-and-white striped swimsuit, she quickly became a sensation with children throughout the world, including Australia. With adult features, she embodied a hitherto unknown sophistication, and her clothes in the 1960s were inspired by Jackie Kennedy, the wife of the United States president.

Malvern Star Dragstar

The Malvern Star bicycle began life in the Melbourne suburb of Malvern in 1902. In the 1970s Malvern Star produced a low-rider bicycle called the Dragstar. With its smaller than average wheels, very tall upward-swept handlebars known as "apehangers", and long, curved banana seat it became a "must have" among Australian children.

Cabbage Patch Kids® were created by Xavier Roberts in 1978. Each doll was an individual with its own name and birthday. They could also be adopted. This encouraged children to take responsibility for raising the "kids" as if they were their own.

Issue Highlights

There are two special products to delight collectors in this nostalgic issue. A prestige booklet presents the stamps in unique blocks of four and looks at the history behind the featured toys. There is also a special Barbie™ sheetlet pack, which includes a sheetlet of 10 x 55c stamps. A number of different Barbie™ dolls released over the years are shown in the tabs of the stamps.

s'y écraser ! La porte constitue un cas à part. Elle n'est pas aérodynamique et ne présente ni jolie forme, ni mouvement permanent. Le plus étonnant, c'est qu'elle est positionnée de biais, ce qui est original et peut déterminer ici la direction des lignes de façon manifeste. Le tout est complété

prioritaire au moment de définir l'orientation des lignes. Tout ceci est joliment illustré par la Citroën 2 CV. Les pneus et jantes constituent un bel exemple d'éléments mobiles dont les traits primaires épousent le mouvement et ce, sans recourir à des traits secondaires (hachures perpendiculaires) pour souligner le sens du mouvement, une rotation dans le cas présent. La jolie forme typique des phares avant définit le tracé des lignes. Cette voiture est spéciale. L'avant est assez aérodynamique. Au niveau du capot, des garde-boue et du toit de l'habitacle, les courbes suivent dès lors la direction que l'air (le vent) prendrait si la voiture roulait. En revanche, l'avant de l'espace de chargement s'oppose au vent, ce qui est clairement représenté par des lignes gravées épaisses et dures, avec des traits primaires et secondaires perpendiculaires les uns aux autres. Le vent vient littéralement par un léger hachurage oblique indiquant que le vent ne rencontre aucune résistance à ce niveau lorsque la voiture roule. Comme vous le voyez, il s'agit avant tout de penser de manière logique et d'ajouter un zeste d'imagination ».

CARACTÉRISTIQUES

75 TH ANNIVERSARY OF
LIECHTENSTEIN
PHILATELIC SOCIETY
(LPHV) 1934-2009

MALTA 28.04.2009

Vintage Maltese postal transportation, a set of four stamps celebrating vintage postal delivery transport. The 9c. stamp features an Italian-built German Dornier Wal (Whale) seaplane unloading mail in Grand Harbour. The mail service was operated by Societa Anonima Navigazione Aerea (SANA), an Italian airline concentrating on flying boat routes in the western Mediterranean.

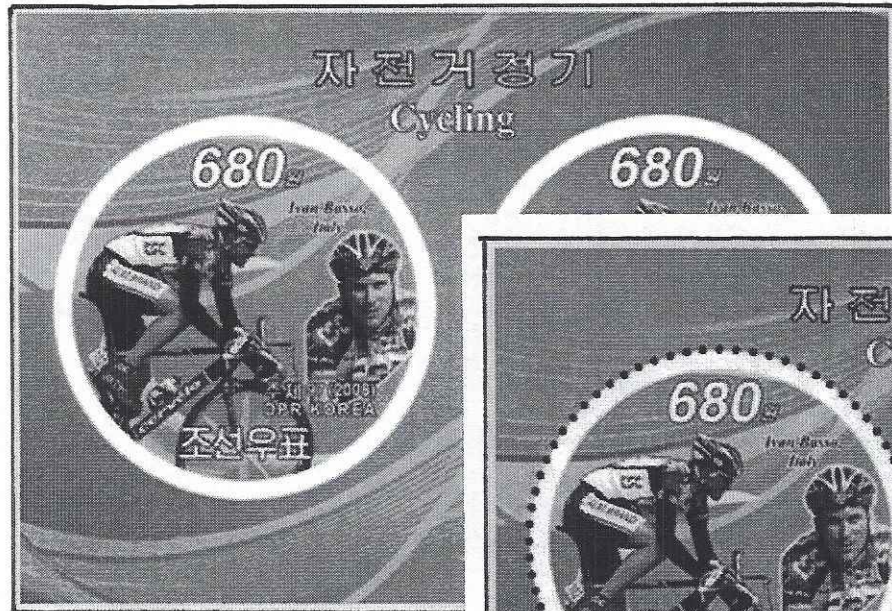

A more familiar mode of transport to British eyes, however, can be found on the 35c. stamp, BSA Bantam motorcycles. The Bantam is a two-stroke unit construction motorcycle that was produced by the Birmingham Small Arms Company from 1948 until 1971.

Another old favourite can be found on the €2.50 stamp, Raleigh bicycles. Raleigh's history started in 1887, in Raleigh Street, Nottingham, England and the company is still manufacturing cycles.

The Gozo mail boat is featured on the C3 about to set off on its daily trip from Malta to Gozo and back. The stamps are printed on Maltese cross watermarked paper by Printex.
