Wed - Sat 10am - 6pm

**Black Friday Sale running now till December 10th! [Click here to see what is on sale!](#)**

## EASY RACER GOLD RUSH RECUMBENT BIKE

The original Gold Rush, winner of the \$18,000 DuPont Prize.

## Easy Racers Gold Rush Recumbent Bicycles

"Fast Freddie" Markam won the \$18,000 DuPont Prize on this bike in 1986. It's aerodynamic fairing completely encloses the rider and roughly doubles the top speed. While not practical on the street, this fairing was essential for "Fast Freddie" Markam to reach his record breaking 68 mph speed!

The Gold Rush is now at the Museum of American History in the Smithsonian Institution, Washington, D.C. Unfortunately, it is no longer on display.

We may have some used Easy Racers recumbents [here](#):
